

One mans Testimony dedicated to helping millions of Christians find healing, forgiveness, restoration and more

March 2015 San Diego, CA — Author and Speaker, Rev. Terry Allan Christian's mission is to re-establish true Christian values in the most powerful way. In Rev. Christians testimony there's no place for personal opinions crafted to entertain congregations.

Now available, is a timely message for Church Groups, Bible Study or Special Events where a loving and encouraging message needs to be heard.

Terry's, *Walking with the Master*, presentation is designed to help Christians deal with depression, anger, sickness, drugs, divorce or death. It's a true 'walk the talk' experience.

'Walking with the Master' is the personal life testimony of Rev. Christian. It begins with his born again experience, that introduced him to the voice of the Lord and leads through, how the Lord took him from barely being able to speak, to becoming a highly sought-after motivational speaker. His testimony video preview is available at- www.WDJSbook.com

Terry's journey was filled with difficulties and heartaches and it was only the **words of Jesus** that guided him through it all. His testimony encourages everyone to trust what Jesus said above all else, and to understand the importance of prayer in the midst of difficulties and heartaches.

He talks about going through a divorce while being injured and unable to walk for 18 months. Then came life-threatening bladder cancer that only a miracle of God could completely heal. His "Job-like" experiences lasted for years, delaying the completion and publication of his book, *What Did Jesus Say: The Seven Messages From The Master*, on which his testimony tour is based.

This book is one of a kind, using only the words spoken directly by Jesus, and organized into seven primary messages. His book puts readers into an imagined walk on the beach with Jesus, allowing them to plainly read over 500 passages spoken by Jesus. .

What Did Jesus Say: The Seven Messages From The Master is available in print, ebook and audiobook formats and can be ordered from WhatDidJesusSay.org or at Amazon.com. More information, including a special preview of the book is available at WhatDidJesusSay.org
