National Enquirer's Own Columnist, Mike Walker, Pens Yet Another Winner In *Out For Blood*

Houston, TX – Mike Walker, veteran columnist for the National Enquirer and accomplished author, is the **only** reporter to have ever written two bestselling books on the same major story! This was accomplished when he penned *Nicole Brown Simpson: Private Diary of a Life Interrupted* with Faye Resnick which hit the #1 New York Times bestselling spot and, just months later, *Private Diary of an OJ Juror*, co-written with Michael Knox, which hit the #5 spot.

This highly respected author is now drawing rave reviews for his latest hilarious book, *Out for Blood*. In true form, Walker's lead character is Clark, who just happens to be the #1 go-to guy for gossip in Hollywood and who makes a living by revealing everyone's secrets. But only a handful of people know he's a vampire. This proves to be a real bonus since he uses his power to get the best scoop on the hottest stars of the day!

Mike, a record-breaking regular on Howard Stern's top-rated radio show for 16 years, has been dubbed "the Hemingway of gossip" by shock-jock Stern. Walker's inimitable skill as a storyteller, coupled with his charm and unassuming wit, has made him an all-time favorite on television and radio and a repeat guest on such top TV shows as *Nightline*, *Larry King Live*, *The O'Reilly Factor*, *Maurry*, *Nancy Grace*, *Joan Rivers*, *A Current Affair*, *Entertainment Tonight*, and *Politically Incorrect*. (Note: Nancy Grace, in her novel *The Eleventh Victim*, featured "Mike Walker of Snoop Magazine.")

Mike hosted the nationally syndicated 'Mike Walker Show' on the Westwood One Network (CBS) for years that was heard on 165 stations nationwide and 24 BBC affiliates and independent stations throughout Great Britain. He was also co-anchor on 'Geraldo,' making more appearances than any other guest on that show ever! He then created and hosted the MGM-TV hit series, "National Enquirer TV." Although best known for his skills as Hollywood's #1 source of celebrity gossip, Mike Walker is also the highly respected author of several successful books to date, including the novel *Malicious Intent*.

Walker has lectured on journalism and gossip at such distinguished journalism schools as the University of California at Berkeley and Columbia University. He also scored the prestigious invitation to become a Fellow of Ireland's legendary Trinity College, Dublin. Walker and his wife of 40 years live in both Palm Beach, Florida, and in Los Angeles, California. They raised two children, both of whom are grown.
