PRESS RELEASE

Captivate children's imagination and deepen their faith this Christmas

Membership to Odyssey Adventure Club offers entertainment with biblical truths all year long

Seattle: What's on your children's Christmas wish list? As excited as they might be about that new toy, as every parent knows, the thrill of the gift will eventually wear off. Focus on the Family and *Adventures in Odyssey* have created the perfect gift for those who want to give their children or grandchildren a present that will provide year-round fun with eternal impact.

The Odyssey Adventure Club (OAC) offers families 24/7 access to 25 years' worth of *Adventures in Odyssey* (AIO) episodes in a safe online environment where children can explore and learn. Christmas really is the perfect time to tap into your children's imagination while infusing faith and fun into their day . . . and every day of the year.

To celebrate the holidays this year, the OAC is offering free content for everyone, including an Advent calendar, a broadcast download with tips to create a memorable Christmas, AIO cutouts and Christmas stocking stuffer cards.

Membership to the OAC costs just \$9.99 a month — or even less if parents make a six-month or one-year commitment. Enrollment provides more than enough content to keep kids engaged throughout the year:

- Access to exclusive content and first looks at books and select Radio Theatre dramas.
- On-the-go access to the OAC app for both iOS and Android users.
- 24/7 streaming access to nearly 800 AIO episodes.
- A new, members-only AIO episode every month.
- A subscription to *Adventures in Odyssey Clubhouse Magazine*, and more.

In keeping with AIO's rich heritage of teaching children about biblical principles — such as the importance of giving — a portion of each OAC membership benefits Focus on the Family partner organizations. Here are a couple of examples of what has been accomplished through Odyssey Adventure Club members:

- [Carry the Cure](#) received a sound system they needed to provide after-school programs to children in Alaska.
- [Mission Aviation Fellowship](#) has been able to provide health vaccines to 65,000 children.

The Odyssey Adventure Club wants to reach beyond fleeting entertainment this Christmas, partnering with parents in helping their kids grow deep in faith and find their place in God's story.
